Form Revised August 2021

§ 200-83. Impact statements. [Amended 12-15-2003 by Ord. No. 03-05]

All uses permitted by this chapter shall be subject, when applicable, to the impact statement requirements of Chapter 162, Subdivision and Land Development, § 162-9H, or § 200-117, Conditional use standards. Where the use is part of a request for a zoning permit, the Zoning Officer shall not issue such a permit until the terms of § 162-9H or § 200-117, and any conditions imposed upon the use of the property at the time of subdivision or land development approval, are satisfied.

§ 200-116. Conditional uses.

- A. An application for a conditional use shall be filed with the Board of Supervisors, and shall state:
- (1) The name and address of the applicant.
 - (2) The name and address of the owner of the real estate to be affected by the proposed conditional use application.
 - (3) A description and location of the real estate on which the conditional use is proposed.
 - (4) A statement of the present zoning classification of the real estate in question, the improvements thereon, and the present use thereof.
 - (5) A statement of the section of this chapter which authorizes the conditional use.
 - (6) An accurate description of the present improvements and the additions intended to be made under the application for conditional use, including the size or proposed improvements, material and general construction features. The application shall be accompanied by a proposed plan showing the size and location of the proposed use, the location of all proposed buildings, all proposed facilities, including access drives and parking areas, and dimensional features demonstrating compliance with the applicable area, width, coverage, yard and design standards.
- B. The application for a conditional use shall be filed with the Secretary of the Township on such forms as may be prescribed for that purpose, and shall be accompanied by the application fee, prescribed from time to time, by the Board of Supervisors. No application shall be received for filing unless accompanied by the required filing fee. The Secretary shall submit the application to the Township Planning Commission within five days of receipt, and the Planning Commission shall review the application and make a recommendation to the Board of Supervisors within 30 days thereafter.
- C. The Board of Supervisors shall hold a public hearing on the conditional use application in accordance with the following procedures:
- (1) Notice of the hearing shall be given to the public by publication in newspaper of general circulation in the Township at least twice, the first such notice to be not less than 10 days prior to the date of the scheduled hearing. Additionally, like notice thereof shall be given to the applicant, the Zoning Officer, and to any person who has made timely written request for same. Notice of the hearing shall be conspicuously posted on the affected tract of land. The Board of Supervisors shall conduct its first hearing on the application within 60 days from the date the application is filed with the Township Secretary.
 - (2) The parties to the hearing shall be the municipality, any person affected by the application who has made timely appearance of the record before the Board of Supervisors, and any other person, including civic or community organizations, permitted to appear by the Board. The Board shall have the power to require that all persons who wish to be considered parties enter written appearances on forms provided by the Board for that purpose.
 - (3) The Chairman or Acting Chairman of the Board shall have power to administer oaths and issue subpoenas to compel the attendance of witnesses and the

production of relevant documents and papers, including witnesses and documents requested by the parties.

- (4) Formal rules of evidence shall not apply, but irrelevant, immaterial, or unduly repetitious evidence may be excluded.
 - (5) The Board of Supervisors shall keep a stenographic record of the proceedings and a transcript of the proceedings and copies of the graphic or written material received in evidence shall be made available to any party at cost.
 - (6) The Board shall render a written decision within 45 days after the last hearing before the Board. Where the application is contested or denied, the decision shall be accompanied by findings of fact and conclusions based thereon, together with the reasons therefor.
 - (7) A copy of the final decision shall be delivered to the applicant and the parties before the Board personally or mailed to them not later than the day following the date of the decision.
 - (8) The provisions of this Subsection C are meant to be directory and not mandatory.
- D. In granting or denying a conditional use or establishing conditions with reference to such grants, the Board of Supervisors shall use as a guide in evaluating a proposed conditional use, and may determine to be mandatory, those standards established for review of special exception applications by § 200-126J of this chapter. The burden of establishing compliance with those enumerated standards shall be upon the applicant by a fair preponderance of the credible evidence. The standards required by this subsection shall be deemed a part of the definitional aspect under which a conditional use may be granted, and the failure of the applicant to establish his compliance with all of the standards shall, in the discretion of the Board, be deemed either a basis for the establishing of conditions or limitations on an approval or the basis for a determination that the applicant has not met the requirements for which a conditional use may be granted. **[Amended 1-17-2006 by Ord. No. 06-01]**
- E. Nothing in this section shall be construed to relieve the applicant for a conditional use approval from obtaining other required approvals mandated by Chapter 162, Subdivision and Land Development, or other applicable ordinances.
- F. Appeals from a determination of the Board pursuant to any application for conditional use shall be only as prescribed within such times permitted by the applicable provisions of the Pennsylvania Municipalities Planning Code.
- G. In granting an application for conditional use, the Board may attach such additional reasonable conditions and safeguards as it deems necessary and appropriate to insure compliance with the provisions of this chapter and to protect the health, safety and general welfare of the community. The Board of Supervisors, in granting an application for conditional use may approve modifications to applicable area and bulk regulations when said modifications are deemed by the Board of Supervisors to be in the public interest and in furtherance of the goals set forth in this chapter of Upper Uwchlan Township. In approving such modifications, the Board of Supervisors may attach any conditions deemed necessary by the Board to ensure adequate screening, landscaping, buffering of neighboring properties, or other means to mitigate potential impacts

resulting from modifications to area and bulk regulations. [Amended 5-1-2000 by Ord. No. 00-01²¹]

- H. Where a conditional use application involves land development and/or subdivision approval, any conditional use approval granted by the Board of Supervisors shall be governed in a manner consistent with § 917 of the Pennsylvania Municipalities Planning Code, 53 P.S. § 10917, which provides that the applicant shall be entitled to rely upon the ordinances in effect at the time of conditional use approval if the applicant submits land development and/or subdivision plans within a period of six months from the date of such conditional use approval. A conditional use approval that does not involve or require land development and/or subdivision approval shall expire if the applicant fails to obtain a building permit or a use and occupancy permit, as the case may be, within six months from the date of the Board of Supervisors' conditional use approval. The Board of Supervisors may authorize an extension of time to obtain such permits, or to submit land development/subdivision plans, at the time of the hearing, or upon a future written request by the applicant which may be acted upon by the Board by motion at a regularly scheduled public meeting. [Added 6-18-2018 by Ord. No. 2018-08]

§ 200-117. Conditional use standards. [Added 5-18-1998 by Ord. No. 98-04]

In addition to any information as required by this chapter, the applicant shall provide information to prove by a preponderance of evidence that the proposed use will comply in all respects with the zoning and subdivision/land development standards and regulations and the Township's future Land Use Plan and Open Space and Recreation Plan.

- A. The applicant shall establish by a fair preponderance of credible evidence that the use intended at the location intended shall not be contrary to the public health, safety and welfare.
- B. The applicant shall establish by a fair preponderance of credible evidence that the capacity of the road network providing access to the premises in question, when the incremental increase in traffic attributable to the proposed use is superimposed upon the existing use of the road network, shall not lower the level of service of the roads or any portion thereof below the level of service that would occur in the future without the proposed development.
- C. The applicant shall establish by a fair preponderance of credible evidence that the external access locations and interior traffic circulation for the proposed use at the proposed location, including but not limited to acceleration and deceleration lanes and parallel access road where required at the proposed entrances to the location, shall be adequate to provide safe and convenient circulation for users of the facility, visitors to the facility, employees of the facility and all emergency vehicles that may require entrance thereon.
- D. The applicant shall establish by a fair preponderance of credible evidence that the facility provides safe and convenient pedestrian access and internal circulation within

21. Editor's Note: Section 2 of this ordinance also provided "Applications to the Board of Supervisors to waive certain applicable area and bulk regulations shall be reviewed and commented on by the Township's Planning Commission."

the grounds of the facility and particularly for points of access from the facility to the parking areas.

- E. The applicant shall establish by a fair preponderance of credible evidence that adequate screening is provided between the lands in question and surrounding residential uses and residentially zoned districts to screen the facility from view, preclude any glare from lighting or excessive noise from being ascertainable beyond the boundaries of the property.
- F. The applicant shall establish by a fair preponderance of credible evidence, which shall include but not necessarily be limited to a certificate from the chief of the fire company providing services to the facility, that the said company has adequate facilities to reach the highest points of the building with ladders and hoses or, in the alternative, that such facilities satisfactory to the fire company will be provided by the owner or operators of the facility.
- G. The applicant shall establish by a fair preponderance of credible evidence that adequate water storage is available at the facility for fire-fighting purposes without impairing the uses of the water supply for ordinary purposes on the premises. The evidence shall include but not be limited to a water supply plan, a fire plan and a certificate of the adequacy of both executed by the chief of the fire company providing services to the facility, and the plans shall be prepared and certified as correct by a registered professional engineer and approved by the Township Engineer.
- H. The applicant shall establish by a fair preponderance of credible evidence the adequacy of public water supply (Chapter 183, Article I, Public Water Supply), sanitary sewer facilities, stormwater management facilities, and all other utilities that the development will access or otherwise utilize. The applicant shall specifically document the availability of capacity within the sanitary sewage system that will service the proposed facility. **[Amended 12-15-2003 by Ord. No. 03-05]**
- I. The applicant shall submit information that documents conformance to all requirements of § 162-9H of Chapter 162 (impact statements - traffic, recreation, and historic, as well as fiscal impact statements), as established in both § 162-9H of Chapter 162 and the following Subsection J. **[Added 12-15-2003 by Ord. No. 03-05]**
- J. The applicant shall submit a site analysis and impact plan, pursuant to § 162-9D of Chapter 162, Subdivision and Land Development. **[Added 12-15-2003 by Ord. No. 03-05]**
- K. A fiscal impact analysis shall be prepared for all conditional uses identifying the likely impact of the development on the Township's tax revenue and expenditure patterns. Included shall be a determination of the revenues to accrue to the Township as a result of a proposed development, as well as an identification of the costs associated with delivering services to the proposed development. The analysis shall deal with the impact of the proposed development on the ability of the Township to deliver fire, police, administrative, public works and utility services to the development. The applicant shall utilize one or more methodologies described as appropriate for the proposed land use(s) in The Fiscal Impact Handbook (Rutgers Center for Urban Policy Research, 1978), The New Practitioner's Guide to Fiscal Impact Analysis (Rutgers Center for Urban Policy Research, 1985), The Development Impact Assessment Handbook (Urban Policy Research, 1994), or a more recent publication/methodology as may be available. Population and other demographic multipliers used in preparing the analysis should be developed from local sources when available (such as from Upper Uwchlan Township, the Downtown Area School District and the Chester County Planning Commission) or from the most recent information published by the U.S. Department of Commerce,

Bureau of the Census. In the preparation of the fiscal impact analysis, the applicant shall also solicit information from Upper Uwchlan Township officials (administration, public works, police, fire and emergency services, parks and recreation) regarding the need to add staff, facilities or equipment in order to properly service the development proposal and the associated costs of providing these services. **[Amended 12-15-2003 by Ord. No. 03-05]**

- L. The Board of Supervisors may impose such conditions, in addition to those required, as are necessary to assure that the intent of this chapter is complied with, which conditions may include, but are not limited to, harmonious design of buildings, planting and its maintenance as a sight or sound screen, the minimizing of noxious, offensive or hazardous elements, adequate standards of parking and sanitation. **[Amended 12-15-2003 by Ord. No. 03-05]**
