FOR IMMEDIATE RELEASE

UPPER UWCHLAN TOWNSHIP PARKS IMPACTED BY PIPELINE ACTIVITY

CHESTER SPRINGS, PA – Staging and construction activity related to the Columbia Eastside Expansion Pipeline Project has begun. The Eastside Expansion Project will impact several Township parks and/or trails to include: Fellowship Fields, Upland Farms, Hickory Park and the pedestrian trail located on the property of St. Elizabeth's Church. Impacts to each facility are detailed below:

Fellowship Fields – Activity will include open excavation along the southeast perimeter of the property. Park users will see survey stakes, construction fencing, construction equipment, etc. At this time the Township does not anticipate field closures. Please be aware of the construction activity and use caution in the area. Updates will be issued when construction begins.

Township Trail – St. Elizabeth's – The pedestrian trail will be removed during open excavation and will be replaced when construction activity is completed. Trail closures may be necessary depending on the intensity of construction and possible detour routes.

Upland Farms – The completion and opening of the asphalt trail system at Upland Farms has been delayed due to pipeline construction activity. Details of the completion and opening of the Upland Farms trails will be announced when construction activity has been completed.

Hickory Park – The wooded area of Hickory Park is being impacted by the Eastside Expansion construction activity, specifically horizontal directional drilling. **All gravel trails in Hickory Park are closed until further notice.** Park users may see minor impacts inside the active recreational area of the park such as survey stakes, etc. No field closures or significant impacts area expected.

For updated information please visit the Township's website located at www.upperuwchlan-pa.gov, follow Upper Uwchlan Township on Facebook and/or Twitter.
