ADMINISTRATION

Date: April 11, 2019

FOR IMMEDIATE RELEASE

ROUTE AND INSTALLATION MODIFICATION REQUESTED BY SUNOCO PIPELINE

CHESTER SPRINGS, PA – Upper Uwchlan Township has been advised that Sunoco is seeking a major modification in both route and installation method specific to both the 16" and the 20" diameter pipelines currently under construction in Upper Uwchlan Township. The modification request was submitted to the Pennsylvania Department of Environmental Protection (PA DEP). Upper Uwchlan Township has no enforcement or regulatory authority over the location of installation of underground transmission pipelines.

The proposed change in installation method is from horizontal directional drill to open cut installation across stream S-Q83 (Unnamed tributary to March Creek) and a conventional bore under Styer Road. The originally proposed HDD was running immediately adjacent to the Pennsylvania Turnpike in the area of Meadowcreek Lane. The newly proposed location of installation is under Meadowcreek Lane; installation via open cut excavation.

Please see the attached notice for additional information and a map of the site.

Any questions should be directed to the PA DEP at (484) 250-5900.

Upper Uwchlan Township is a Township of the Second class, population 11,500, located in central Chester County, PA. Visit us on the web at www.upperuwchlan-pa.gov. Like us on Facebook and Twitter @upperuwchlan.

ADMINISTRATIVE OFFICES

To Whom It May Concern:

This municipal notice, under the requirements of Acts 14, 67, 68, and 127, is to inform you that our client, Sunoco Pipeline, L.P. (SPLP), is applying for coverage under the Erosion and Sediment Control General Permit (ESCGP-3) for Earth Disturbance Associated with Oil and Gas Exploration, Production, Processing or Treatment Operations or Transmission Facilities and for coverage under Chapter 105 Joint Permit for Water Obstruction and Encroachment.

Project Name: Pennsylvania Pipeline Project
Major Modification-HDD 280

Applicant Name: Sunoco Pipeline, L.P.
525 Fritztown Road
Sinking Spring, PA 19608

Project Description: This modification is being requested for a for a change in route and installation method for the 16- and 20-inch diameter pipelines from a Horizontal Directional Drill (HDD) to an open cut installation across Stream S-Q83 (Unnamed tributary to Marsh Creek) and a conventional bore under Styer Road. In addition, the requested reroute will cross the floodways of streams S-Q83, S-16r, and S-Q84. Stream S-Q83 will be crossed in accordance with one of the approved open-trench excavation methods for installation of the pipeline across waterbodies. The reroute avoids crossing through Marsh Creek State Park, Wetlands WL-Q76 and WL-Q77, and Stream S-Q86.

Site Location: The Major Modification is located in Upper Uwchlan Township, Chester County.

Enclosed is a copy of the Notice of Intent (NOI) application for an ESCGP-3, General Information Form (GIF) for the Wetlands and Waterways permit application, and Location map of the proposed major modification route. Please submit any comments concerning this project within 30 days from date of receipt of this letter to:

Pennsylvania Department of Environmental Protection (PA DEP)
2 East Main Street
Norristown, PA 19401
Phone: (484) 250-5900
